## Community / Regional / National News

**Voice of the Martyrs** – Dieny Donkersgoed: **India** - : As more than 600 million citizens cast their ballots in the Indian general election, Christians and members of other religious minorities have added concerns about the outcome. Those concerns were realized after the results came in, for the Hindu-nationalist BJP party captured 303 of the 543 votes. The BJP party has indicated support to make India a Hindu nation. Such goals have led militants to frequently target Christians and other religious minorities. Pray that India's Christians will be strengthened in their faith and that they will keep sharing God's truth at every opportunity.
