

# Concept Minutes of Council Meeting Mar 10, 2021

**Devotions:** Prayer Day Service

## **Highlights from the Council Meeting**

- **Pastor's Reports:** Pastor Brian reported he has been blessed with many pastoral visits. He requested some time off after Easter for some rest and family time. Therefore, on April 11 we will be blessed to hear Ryan Poelman, who is a Calvin Seminary Student, and who is also coincidentally the Son-in-law of Kelvin and Susan Wall. Council also congratulated Pastor Brian for his acceptance into the D.Min program at Fuller Seminary.
- **Human sexuality report:** Council was informed that Synod will be postponed to next year, therefore all overtures will likewise be pushed to next year as well. The sexuality report will however still be discussed at classis later this month. This delay will allow us more time to discuss as a congregation and give us the opportunity to better understand the report.
- **Calling direction committee:** Job descriptions have been presented and will be communicated to the congregation Monday, March 22. A Staff Relations Committee will be formed to oversee and support staff. We will also look to have church members serve on this committee.
- **Worship Committee Report:** We plan to have a 10 AM service for Good Friday and if registration fills up, there will be another service offered at 7 PM. There was also a motion made to install plexiglass in front of the church for the worship groups on Sunday morning.
- **TCS Rental:** A motion was made to work with the high school to create a new rental agreement with the administration committee.
- A motion was also made about moving our congregational meeting to second week in February. This way all financials and reports will be available for our annual meeting.
- Our church has also been blessed to welcome Scott and Karen VandenBerg as members to our congregation.

On behalf of Council: John Muller, Clerk
