Sunday worship: Today we will hear the report from the doctor's office of the condition of humanity. Lord's Day Two is much like going to the doctor's office. It deals with a sickness. It provides a test to precisely diagnosis the seriousness of the problem. It leads to the question: what solution is there to this problem?

Thank You

After all these years living in the country, we have now become "town people." Who would have thought! We would like to sincerely thank you for the help with that recent move. Not only for the physical part—the actual move and the setting up—but also for your thoughtfulness for providing meals. We also thank you for your prayers and well wishes. It means a lot to us. We especially want to thank the young fellows who used their muscle power on moving day! They did an awesome job! – George & Alice Wolgen
